## MOTIVES IN ISLE DEATH ARE LACKING

MARTINEZ, Dec. 28.—(UP)—Blood, Jersey Island in the San Joaquin river tonight offered police investigators another mysterious tragedy involving the slaying of Julian C. Whitman, prominent San Francisco financier.

Whitman's body was found not far from the shallow grave in which Mrs. (Eline) Navarro, young expectant mother from the Philippines, was asserted to have been buried alive with weird cult rites because she was unfaithful. A half dozen slayings have bloodied the island's soil.

**SHOT TWICE**  
Whitman had been shot twice through the temple. His blue sedan was found tonight in Oakland, far from "murderers' island." Authorities believed that he had been kidnapped, driven to Jersey Island in his own automobile, and slain in a gaseous fashion.

Filipino field workers found Whitman's body sprawled in a fog-shrouded field. One bullet had pierced his low brimmed hat and crashed through his head. A second had entered his skull a few inches below the other wound, as though the slayer had finished his grim task as Whitman's body lay on the ground.

**Pistol Found**  
A .28 calibre automatic pistol and a powder stained handkerchief were picked up. Serial numbers had been filed from the gun and the handkerchief bore no identification marks. The gun had been tossed beside the body, as Chinese workmen used to leave the death weapon at the victim's side.

Despite filing of the gun, the serial numbers were deciphered tonight by Sergeant Frank La Tulipe, San Francisco police expert. The numbers were wired to the manufacturer of the gun in an effort to trace the weapon's ownership. The gun's hammer had been filed, Sergeant La Tulipe said, to make it readily portable either in a shoulder holster or the pocket.

**Car Is Found**  
The killer apparently fled back down the isolated, rutty road in Whitman's automobile and crossed to the mainland, thence proceeding. (Continued on Page Eight)

## Two Women Fliers Set New Records

MIAMI, Fla., Dec. 28.—(UP)—Two weary women set a new record for fueling endurance flight record for women here tonight and set out to better it by at least 12 hours.

The new record was established by Mrs. Frances Harrell and Miss Helen Richey at 6:08 p. m. EST when they had been in the air for 197 hours and five minutes, one hour longer than the previous mark set last year by Mrs. Harrell and Louise Thaden.

"Hip, hip, hooray, we broke the record," the women cheered in a note addressed to the United Press and dropped from their "flying boudoir" at 6:10 p. m.

In a note to M. R. Cole, flight manager, the fliers promised to stay in the air until tomorrow morning at least. Their plane continued circling within easy gliding distance of the municipal airport.

"Gee I want to stay up," read the note signed by Mrs. Harrell. "I hadn't figured on landing this evening in any case."

"How is this—wait until morning and see how everything is, the motor behaves and how we feel. How long would you like for us to stay up? Would Saturday help?" "I'm pretty tired. Last night's work wore me out. Helen is swell."

"We'll see how everything is tomorrow," they said. "I don't want to let you down. Of course if the motor isn't exactly right, I'll be in."

## Wilson Life Is Told By Speaker Here

A glowing tribute to the late President Woodrow Wilson was delivered last night before a convocation of county Democrats at Hotel Carquinez by John V. Lewis, internal revenue collector from San Francisco, and one of the outstanding Democrats on the coast.

Speaking under auspices of the Federal Club, the speaker told of the early history of Mr. Wilson and of his great idealism.

Lewis told how Wilson as headmaster of Princeton, changed that great school and how as governor of the State of New Jersey he instituted laws that still live.

Comparing Wilson to F. D. Roosevelt, Lewis declared that Wilson was a leader who embodied the country, that he embodied the claims of privilege to rule the country and fought all ways for the masses.

The speaker told of the many reforms in government brought forward by Mr. Wilson, citing the Federal Reserve act, the Corrupt Practices act, the Federal Reserve act, the Corrupt Practices act.

## MAXIE IS SUED BY STAR FOR BREACH

### \$250,000 IS DEMANDED IN BAER ACTION

NEW YORK, Dec. 28.—(UP)—Max Baer, contender for the heavyweight championship and new screen idol, tonight dodged detectives and process servers who sought to serve him with papers in a suit being brought against him by Joe Starr, circus acrobat, charging breach of promise.

Max Hoffman, Baer's manager, said: "I've heard about the suit and a process server has been hanging around the hotel all day looking for Max."

Max Hoffman, attorney for Miss Starr, was riding detectives in their search for the prize fighter and said he hoped to obtain service of documents in the case when Baer makes his regular appearance tonight in the floor show at a New York night club.

Hoffman said that Miss Starr is asking \$250,000 damages from Baer. She charges that she met him when he was training in Atlantic City last September, and that on the 15th of that month, he promised to marry her.

"She charges," Hoffman said, "that Baer said he would marry her about Thanksgiving after he had obtained a divorce from Dorothy Dunbar. Later he got the divorce and Miss Starr was willing to marry him, but he didn't marry her."

"I have had two detectives looking for him and we talked to his manager, but they're trying to keep the rumor going."

Baer last recently came to Broadway from Hollywood, where a breach of promise suit was filed against him by Olive Beck, a waitress, who asked for \$250,000.

Baer's manager said that the fighter would make no public appearance tonight.

"If anybody starts looking for Max at the night club," Hoffman, the manager said, "they'll be disappointed. Max is through at the club. He's going out to dinner with some friends tonight. I think he intends to get to bed early because he's got to be up early tomorrow morning to start rehearsing for a new show he's going to be in."

Hoffman indicated that Baer's former engagement with his friend, will be a very private affair.

**Jail Sentences Are Given Two**  
Cenobio Gonzalez of Alamo street North Richmond, was sentenced to four months in the county jail by Police Judge C. A. Odell yesterday when he pleaded guilty to a charge of disturbing the peace.

Albert Flores, 223 Second street, Richmond, who was arrested with Gonzalez, was also sentenced to four months in the county jail but the commitment was withheld.

The pair were arrested Sunday morning after an assault upon a pocket knife. Flores suffered a minor cut on his hand.

## EIGHT HOUR WARNING FOR WOMEN MADE

State Labor Commissioner Frank C. MacDonald states that recently he has been compelled to deal with cases against several employers for violation of the California Women's Eight Hour Law. Some employers claimed that they believed they had a lawful right to work women more than eight hours a day because they had signed the President's reemployment agreement and others claimed that they believed they were exempt from the eight hour law because they had signed code. Labor Commissioner MacDonald states that neither the Federal codes nor the President's reemployment agreement in any way abrogates, modifies or suspends the California women's eight hour law which provides in part that:

"No female shall be employed in any manufacturing, mechanical or mercantile establishment or in any laundry, hotel, public lodging house, apartment house, hospital, barber shop, place of amusement, or restaurant, telegraph or telephone establishment or office, or in the operation of elevators in office buildings, or by any express or transportation company in this state, more than eight hours during any one day of twenty-four hours or more than forty-eight hours in one week."

"Every employer, or manager, superintendent, agent or officer thereof, employing any female, who violates or omits to comply with any of the provisions of this act, or who employs or suffers or permits any female to work in violation thereof, is guilty of a misdemeanor, and upon conviction thereof, shall be punished for a first offense, by a fine of not less than twenty-five dollars nor more than one hundred dollars, for a second or subsequent offense, by a fine of not less than one hundred dollars nor more than two hundred and fifty dollars, or by imprisonment for not more than sixty days, or by both such fine and imprisonment."

MacDonald further states that the California Women's eight hour law has been upheld and sustained in a test case before the Supreme court of the United States, and that consequently all employers are prohibited by the California law from employing women workers more than eight hours in any one calendar day.

## The DAILY WASHINGTON MERRY GO ROUND

WASHINGTON, Dec. 28. Fourteen years ago the last Democratic Administration was nearing its end. Today the seventy-seventh anniversary of the birth of Woodrow Wilson, see a new Democratic Administration in the full flush of its power.

How much is the New Administration from the Old? To what extent has Woodrow Wilson left his impression on the New Deal? The question is for historians to answer. But as an indication of the answer, there follows a check upon Wilson's official colleagues and the part they are playing in the New Deal.

Wilson's Assistant Secretary of the Navy, Franklin D. Roosevelt, heads the Government. His Secretary of the Navy, to be sure, is not an important diplomatic post but not important in steering the way to Roosevelt.

Wilson's Commissioner of Internal Revenue, Dan Pomeroy, is Secretary of Commerce, but not a member of the inner Roosevelt Council. Old Henry Morgenthau, Wilson's Ambassador to Turkey, is playing an indirect but important part in the new Democratic through his son, the Acting Secretary of the Treasury.

Barney Barnhart, head of Wilson's War Industries Board, still is playing on the outside of this act of other administrations.

William Gibbs McAdoo, Wilson's son-in-law, and the most powerful man in the last Democratic Cabinet has a wonderful role to play as Senator from California, but nothing to say in molding the policy of the New Deal.

A. Mitchell Palmer, the post-hoc who got scared of the Reds in the heyday of the old Democracy, now is conducting a prosperous law lobbying office with his main income.

NOTE—Here is the second trip the Merry-Go-Rounders make to the White House Administration job. Time to get a shot on what the job-hunters think of the New Deal, and what the New Deal is doing for them.

The line in front of the CWA office was longer on the second day, and there were more women in it. All of them seemed well dressed except for the negro women. There were only three male negroes in the line, most of those unemployed having been on the relief rolls and having been taken care of at the start of CWA.

Walking up and down the line was a man with a notebook and pencil who looked like a cub reporter. He kept asking men whether they belonged to a union or not and eventually gave himself away as the Baltimore business agent of the Tile-Setters local of the A. F. of L.

He was trying to find out how many of the men in line were affiliated with his union, and managed to locate three, whom he tried to persuade to step out of the line and get work under the union wage scale. He said they were working against their own welfare and that if they persisted in getting CWA jobs he would have to report them to the Tile-Setters local.

At this, one tile-setter got sore and offered to fight.

"Here I pay hundreds of dollars or dues to you and what do I get?" he yelled. "Get out and quit bother-

ing me!"

## Death Probe

SOUTHERN CALIFORNIA authorities today continued investigations into the mysterious slaying of Dr. Leonard Siever, above, Pasadena dentist and "aesthetic" whose bullet riddled body was found by his car recently.

None of the five other would be out of line after the slaying, in the MERRY GO ROUND.

Report from the Monterey can be seen that a certain crowd of "job-hunters" had gathered in the city, and that the police had been called in to keep them from interfering with the work of the CWA.

China Rebel's Seaport Said to Have Fallen

NANKING, China (Friday) Dec. 28. — The Chinese National Navy today claimed the capture of Amoy, important seaport of Fukien province and other strategic coastal points in the drive to subjugate the rebels of southern China.

The capture of Amoy was announced simultaneously with the report that the rebels had moved their capital from Fouchow, nominal seat of government in the province, to Chang Chow, because Fouchow is exposed to both land and sea attacks.

Amoy is situated on a group of islands at the mouth of the waterway leading to Chang Chow, less than 100 miles distant.

## TIDELANDS OIL DRILLING TOLD BY STATE HEAD

SAN FRANCISCO, Dec. 28. — Representatives of approximately 20 Huntington Beach oil operators, including A. Vandegrift, state director of finance and representatives of a number of large oil companies, at a meeting here today, took another step toward agreeing to pay the state of California upwards of a million dollars a year for the privilege of drilling on the disputed tidelands, part of which is owned by the state.

The ultimate agreement was given in a statement issued by Vandegrift, attorney for the California Division of Lands, who attended the meeting in company with Vandegrift.

"This meeting was merely a continuation of conferences which have been going on in recent weeks," Vandegrift told the United Press, "but I feel certain that an agreement will be made by the state with most of the operators before March 1. The agreement, if made, will involve payment to the state annually of upwards of a million dollars. We do not expect all of the operators to agree, however, to the payment of this royalty, but I do feel that the greater part of them will. The number of operators now engaged in the field is approaching seventy."

Shadle indicated that the agreement will come individually, despite the fact that the operators are represented at the meetings collectively.

He also said that the potential production of oil from the tidelands is worth \$18,000,000 annually.

All operators have suspended activity in the field pending outcome of the conference series, Shadle said.

Previous to today's conferences, Vandegrift indicated that any additional operators contemplating work on the tidelands will be halted.

Improper Labels On Rum Is Halted

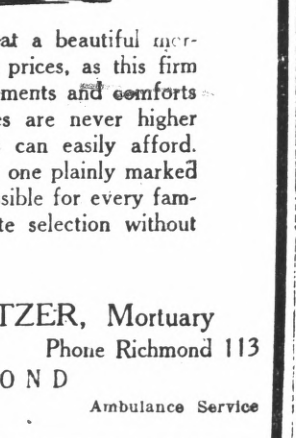

SAN FRANCISCO, Dec. 28. UP—Federal officers here today said that more than 500 cases of imported Vermouth, Cognac and wine have been detained because of alleged improper labeling, and will not be released to the market until proper labels have been applied.

G. J. Morton, chief of the federal food and drug administration here, said that all of the imported liquors satisfied tests as to quality. He said that those detained, however, had labels which claimed false therapeutic qualities, advertised more volume than the bottles contained, or failed to give the net volume as required by law.

The liquors were chiefly from Italy, France and Portugal.

## Pays Tribute to War Heroes

FRANK L. SMITH, president of the Richmond Chapter of the United States Soldiers of the World War, paid a tribute to the war heroes at the meeting of the chapter at the home of Mrs. Frank L. Smith, 2000 Macdonald.

The meeting was held at the home of Mrs. Frank L. Smith and was attended by a large number of members of the chapter.

The program included a variety of games and songs, and the evening was a most enjoyable one for all present.

## DRIVERS TOLD TO DESTROY OLD AUTO LICENSES

SACRAMENTO, Dec. 28.—Destroy old plates as soon as you have received your new ones.

This request was made today on motorists of California by Russell Evans, registrar of motor vehicles in anticipation of the opening of the annual renewal season on January 1.

Evans is advised that in past years thieves have been known to destroy old plates for a short time with old plates after the renewal season opens by putting old plates on stolen cars.

Evans will be delivered to the courts for the holidays. Register offices will start on January 1 at Sacramento and at all branch offices at which time motorists may call to renew.

The department is now receiving applications for new licenses at the rate of nearly 10,000 daily. The certificate of registration and the amount of the fee is all that is required in making such applications.

Motorists are not required to furnish proof of payment of personal property taxes on vehicles in accordance with the new law until March 1.

Cline Is Started On Folsom Term

SAN BERNARDINO, Dec. 28.—A. C. Cline, Glendale insurance broker and former Colorado convict, will be taken to Folsom prison to begin serving a sentence of from 15 to 15 years for alleged robbery with the aid of narcotics.

Sentence was imposed after a jury convicted Cline on charges of drugging and robbing Martin Frame, elderly Los Angeles resident.

Noted Shipbuilder Dies At Seattle

SEATTLE, Dec. 28.—UP—Funeral arrangements for David B. Skinner, 66, famous shipbuilder and capitalist were under way here today following his death after an illness of long standing.

Skinner was part owner of the Skinner and Eddy shipyards which was one of the largest in the west during the war. He also was associated with development of Alaska and the Pacific northwest.

Four Minor Boys Held For Thefts

Four minor boys are charged with robbing the Ben Howden home on South Third street.

Mrs. Howden reported that her home was entered through a bedroom window and that a child's room was stolen.

Prompt Relief From Itching Eczema

It's wonderful the way soothing, cooling Zemo brings prompt relief to itching, burning skin, even in severe cases. Itching stops the moment Zemo touches the tender and inflamed skin because of its rare ingredients. To clear away itching, Eczema, Ringworm and restore the skin to normal, always use clean, soothing Zemo. Insist on genuine Zemo; it's worth the price, because it brings relief. 35c, 60c and \$1. ### Germany Cuts Student Quota Fifty Per Cent

BERLIN, Dec. 28. UP—Draconian reductions in the enrollment of freshmen in German colleges during 1934 were decreed today by the education minister Wilhelm Frick.

The decree stated that the schools were overcrowded, and that freshmen starting in college next year would be limited to 15,000, as against an average first year class enrollment of 25,000 a year, including men and women.

Only the physically and mentally superior whose national convictions are unimpeachable, will be admitted to this curtailed number, the decree stipulated. Furthermore, freshmen girls will not be permitted to exceed 10 percent of the total class. Their total number, however, has been one-fifth to one-fourth of all enrolled as freshmen.

to Oakland where the vehicle was abandoned on a street on the west side of the city.

Two clear fingerprints were found on the throttle button and another on the steering wheel. The steering wheel had been found with a black and one half from the park.

Officers said the driver was not seen. The car was found on a running board. The print of a tennis shoe was found on a running board.

### NOT IN TROUBLE

Whitman was secretary of the California Irrigation District Bondholders' association and formerly was an important figure in the San Francisco financial world.

He was in no financial difficulties when he left his Palo Alto home yesterday. His wife said Whitman had completed a business deal.

Officers learned that Whitman placed the call from a pay station in the Antioch, Calif., hotel, where he did not register.

### WEN THIRTING

Martinez officers said that Whitman late Wednesday went duck hunting in the delta region with a Martinez man whose identity they had not learned.

The motive for the slaying remained a mystery. Suicide was precluded by nature of the wounds. Robbery was ruled out as a possible motive when officers found \$20 in Whitman's pockets and a wristwatch on his arm.

### MILD MANNERS

Whitman was a mild mannered person and has no known enemies. It was asserted by George Keyston of Leib, Keyston and company, San Francisco brokerage firm in which Whitman was a former partner. Keyston said he would press the investigation and inclined toward a theory that a hitch-hiker killed the ex-broker.

The body was removed from Jersey Island, which lies 50 miles northeast of here midway between Martinez and Stockton, and taken to the George Schaefer mortuary at Brentwood where the autopsy indicated

number had been committed.

### L. C. GRADUATE

Whitman was graduated from the University of California in 1907, before joining the San Francisco Stock Exchange he was employed by the state for several years. After five years in the Exchange he joined the brokerage firm, then left to organize the Irrigation Bondholders.

Surviving him are a widow, Mrs. Frances Whitman, former President of the State League of Women Voters, and a member of ex-Governor C. C. Young's educational commission and four children.

The immediate preceding chapter in Jersey Island's criminal history was written when a treacherous Filipino led officers to the grave of Mrs. Navarro last year. Filipino bandits were accused of beating her and burying her alive for infidelity. They were acquitted after a trial developed a haze of conflicting testimony from reluctant and frightened islanders who appeared as witnesses.

## Wilson Life Is Told By Speaker Here

(Continued from page 1)

Practice Acts and many other legions brought forward by the war-time president.

He declared that Wilson was the man who demanded a bigger and better navy, and that the largest navy in the world, that of the United States, was "created" by the Washington Arms Conference.

Wilson's war activities were reviewed and high tribute was paid to V. G. McAdoo, present junior senator from California.

The speaker was introduced by A. C. Lath, well known local Democrat who acted as chairman of the evening.

From the address, the large crowd listened to a radio address on Wilson by President Roosevelt.

The program for the evening included community singing, songs by Mrs. E. Prosser, of El Cerrito and songs by Mrs. Helen Butt, accompanied by Emil Esola.

The Oklahoma Ramblers entertained the banquet guests with hill-billy music.

## 'Mercy' Plane Wrecked, Pilot Is Near Death

WALLACE, Ida., Dec. 28. (UP)—The "Mercy" airplane trip into the isolated "Coeur d'Alene" district today had resulted in death to J. C. Murphy, Kellogg, Ida., as a result of a crash at O'Brien airport.

The ship was piloted by Russell Owen, who was reported to have a favorable chance to recover. The crash was caused when ice on the wings caused a slip to the ground from a 200 foot altitude.

Owen had been carrying passengers and supplies to the area after train and highway travel was disrupted by slides and floods.

## SECOND SUIT IS FILED IN MILK TROUBLE

SAN FRANCISCO, Dec. 28. (AP)—A second adjustment of the Alameda county milked marketing agreement suit filed by William Lutz, Contra Costa county dairyman and director of the United Milk Producers of California, against the Secretary of Agriculture, the Cooperative Dairyman's League and others, was forecast here today by a high government official.

Shortly before the prediction was made, J. D. Roca, Marin dairyman and member of the United Milk Producers, petitioned Federal Judge Harold Louderback for a permanent restraining order.

He asked the court to prevent the Secretary of Agriculture, Henry M. Wallace and the three members of the Milk Adjustment Board of Alameda county from placing into effect after January 1 a one-cent per gallon carrying charge on milk.

Roca demanded that the power of the board be "curtailed" on the ground that it threatened to curtail milk production, adding that the board was irregularly chosen, some of its members being self-appointed.

Members of the board are Roy L. Pike, J. P. Panton and Walter Briggs. Roca's complaint asserted that the milk marketing agreement approved by Secretary of Agriculture Henry M. Wallace on behalf of the Agricultural Adjustment Administration is an illegal imposition of taxation.

The Lutz suit seeks to relieve members of the United from paying one-half cent a gallon on their product to the league, a charge ordered in the agreement to cover bookkeeping and administrative purposes.

Federal Judge Harold Louderback granted a temporary order restraining the collection of the fee. The case is due to be heard next week.

Agriculture government officials said that when the Lutz order comes up for argument the government will seek a change of venue to Washington, D. C., on the ground that the secretary is a resident of that city.

It is added that there "is every likelihood" that Secretary Wallace will support the situation by the issuance of another order, if his investigation leads him to believe that his previous order was unjust.

Both the United Milk Producers and the Cooperative Dairyman's League have been operating in the last day for some time.

## DEATH TOLL OF COLD WAVE NUMBERS 150

(Continued from page 1)

Washington, D. C., Dec. 28. (AP)—The death toll of the cold wave sweeping the United States today reached 150, with the number of victims in the Northwest, Southern states had come to 100, and in the Northeast, 50.

The cold wave was in the midwest and Canada. Heavy snow fell in the eastern states.

An outstanding event in today's weather developments was the rescue of the boat Seahull on Lake Michigan.

The boat, with three men aboard, set out into Lake Michigan yesterday to pick up fishing nets. When it was hours overdue, Mrs. Fritz Moner, wife of the skipper, asked Coast Guardsmen to hunt for it. A cutter, after breaking its way through the ice, found the boat five miles off shore, stuck in the ice, with a hole punched in the bow.

Three of the additional deaths reported today were of men who died in the icy waters of St. Louis Bay, off Superior, Wis., when a snow-plow fell through the ice. It was 27 below zero there at the time. Four other men perished at the same time.

## Suspects For Boy's Slaying Are Under Quiz

ST. LOUIS, Dec. 28. (AP)—Boy associates of Vincent Hussman, 15 years old, slain Christmas Day in typical gangster fashion, were sought today by police.

Found stashed through the head, a lock of gray hair between his teeth, the boy, police said, was apparently "taken for a ride." His body was tossed from an automobile along a highway on the outskirts of the city.

Neighborhood boys, the parents said, were afraid of their son.

Mrs. Walter Carl Hussman, mother of the boy, said that he had been at home only two months during the past three years.

Ironically, a few hours before Vincent's body, covered by the city's first snow, police inquired at his home for him. He had recently been returned from California by officers.

## Sheriff Gives Mother-in-Law Big Suspension

SAN FRANCISCO, Dec. 28. (AP)—Sheriff William J. Fitzgerald made his bid for a place in heresy' gallery today when he suspended his mother-in-law for five days without pay.

Undersheriff Howard Bernhard reported to Fitzgerald that Mrs. Mary Kaunitz, the sheriff's mother-in-law and a court bailiff, had failed to produce a prisoner for trial.

"Insubordination, eh," said the sheriff. "She's suspended for five days without pay."

He found quite a bit of business to attend to around the office before going home tonight. Mrs. Kaunitz was appointed by Fitzgerald's predecessor and holds her job under civil service rules.

## Pilots In Tow of Revenue Cutter

GRAND HAVEN, Mich., Dec. 28. (AP)—Two patrol pilots and their plane were located tonight by the coast guard cutter Escanaba, according to a radio message received here.

The cutter had the plane, which was said to be undamaged, in tow. It was assumed here that the boat would head for Milwaukee.

## Found Guilty of 2 Murder Charges

SACRAMENTO, Dec. 28.—UP—A superior court jury tonight found Harry Garcia, Folsom convict, guilty on two charges of first degree murder brought in connection with a fatal prison fight.

The jury did not recommend leniency, so Garcia will be sentenced to hang.

Stanley Price and Juan Garcia were fatally stabbed in the Folsom prison outburst October 7th.

## ALCATRAZ TO BE READY FOR NEW INMATES

SAN FRANCISCO, Dec. 28. (AP)—Two months, or three at most, Alcatraz Island will be ready for its new role as a concentration prison for America's most desperate Federal prisoners.

That was the estimate made tonight by James A. Johnston, former warden of San Quentin prison, who will be warden of the Alcatraz Chateau after the Department of Justice, Johnston visited the island and conferred with army officers in charge of the disciplinary barracks.

"With few alterations," Johnston said, "the prison will admirably serve its new purpose. The locking devices must be modernized and new steel fronts placed on the cell blocks."

"The system now in force for transferring prisoners from the cell blocks to the quarry and shops must be changed. At present, prisoners must pass through the administration building in going to and from work. We intend to change that so they will pass through the yard, and not through the offices."

Extension of the walls, now enclosing the prison yard, so they will include certain of the shops is also necessary, Johnston said.

Bids for the necessary alterations are to be opened in Washington tomorrow and Johnston will start his duties on the island next month, overseeing construction. Meanwhile, a board of survey, appointed by the War Department, is expected to arrive next month to make formal transfer of the island to the Department of Justice. Within 12 to 18 months, the 200 army prisoners still there will have been transferred.

Johnston expressed complete satisfaction with the prison and scoffed at suggestions that escape might be easy.

"We have not yet considered use of speed-boats to prevent escapes," he said. "We are more concerned with preventing prisoners from getting into the water."

## ELK SURVEY ASKED

AMHERST, Wash.—UP—A thorough impartial survey of elk on the Olympic Peninsula is asked by the Olympic Development League before another open season is permitted. The peninsula was thrown open to elk hunting last fall for the first time in many years.

## HOW WOMEN CAN WIN MEN AND MEN WIN

The Favor of Other Men Unless two pints of bile juice flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and constipated. You get yellow tongue, yellow skin, lumpy, dull eyes, lost breath, bad taste, gas, dizziness, headache. You have become an ugly looking, foul-smelling, sour-looking person. You have lost your personal charm. Every body wants to run from you.

But don't take salts, mineral waters, oil, laxative pills, laxative candies or chewing gums and expect them to set right this poison that destroys your personal charm. They can't do it for they only move out the tail end of your bowels and leave the rest of your bowels full of decayed poison. Sometimes won't help at all. Only a free flow of your bile juice will stop this decayed poison in your bowels. The one mild vegetable medicine which starts a free flow of your bile juice is Carter's Little Liver Pills. No calomel (mercury) in Carter's. Only fine, mild vegetable extracts. If you would bring back your personal charm to win men, start taking Carter's Little Liver Pills according to directions today. See at drug stores. Refuse "something just as good" for it may grip, loosen teeth and get what you want. Ask for Carter's Little Liver Pills by name and get what you ask for. ©1933, C.M.C.

## U. S. ISSUES SWEEPING GOLD ORDER

(Continued from page 1)

will be by Senator Thomas, Dem., Okla., which would authorize the government to coin in gold held by the reserve banks and issue gold certificates to the banks. The bill would prevent gold coinage in the future.

The president discussed such a plan with congressional leaders before Thomas drafted his bill which he plans to introduce at the coming session of congress. He has not indicated his attitude toward such procedure.

Morganthau ordered the gold coin, bullion and certificates surrendered to the federal reserve banks or branch banks of the system.

He listed the following exceptions to which his order does not apply:

1.—Gold bullion owned by a person now holding such under a license heretofore granted by or under authority of the secretary of the treasury.

2.—Gold coin having a recognized special value to collectors of rare and unusual coin (but not including quarter eagles, otherwise known as \$2.50 pieces).

3.—Unmelted scrap gold and gold sweepings in any amount not exceeding in the aggregate \$100 belonging to any one person, and gold which has been put through a process of fabrication for a specific and customary industrial, professional or ornamental use.

4.—Gold coin, gold bullion and gold certificates owned by a federal reserve bank or the Reconstruction Finance Corporation, and

5.—Gold bullion and foreign gold coin now situated in the Philippine Islands, American Samoa, Guam, Hawaii, Panama Canal Zone, Puerto Rico, or the Virgin Islands of the United States owned by a person not domiciled or doing business in the Continental United States.

## X John Jones, His Mark

IN MEDIAEVAL EUROPE ILLITERATE PERSONS WOULD SIGN PAPERS WITH A CROSS (+) BECAUSE IT WAS A SYMBOL OF CHRISTIANITY AND THEREOF OF THEIR GOOD FAITH. LATER THE ORIGINAL SIGNIFICANCE WAS DROPPED BUT PEOPLE CONTINUED TO USE AN (X) BECAUSE IT WAS EASY TO WRITE.
